Baseball EOS LCT To remain pool-play format

Rains cancelled the 2015 mid-season tournament so CYBSA changed the format of the 2015 End of Season League Championship Tournament (EOS-LCT) to ensure teams still received the four tournament games promised at time of registration. Feedback received both during the tournament and in the post

season survey overwhelmingly showed CYBSA members preferred the 4 game minimum - three game pool-play followed by a single elimination bracket tournament as opposed to just the double elimination bracket as originally planned. Most of the requests/feedback was to keep the EOS pool-

play format and eliminate the mid-season tournament all together. Most common reason stated: "too early in season for a tournament". The CYBSA Board of Directors agreed the four game minimum format is more enjoyable and will remain as tournament format. 2016 EOS-LCT is July 14 thru 17.

Three game pool-play followed by single elimination bracket (4 game minimum) to remain as CYBSA League Championship Tournament format.
